Screenshot 3 — Pivot Table Analysis

Pivot Table Analysis in Excel

Power BI – Screenshots

1.Power BI Dashboard

Food Delivery Operations & Performance Analysis Dashboard

2. DAX Measures

DAX Measures Created in Power BI

3. Orders by Cuisine Type

Represents how many orders were placed for each cuisine type.

4. Monthly Revenue Trend

Line chart represents how revenue changes from month to month.

5. Orders by Customer Type

How orders are distributed among customer types

6. Order Size by Cuisine

This stacked bar chart shows how small, medium, and large orders are distributed across different cuisine types.
